THE MANHATTAN

Life Insurance Co.,

OF NEW YORK.

ASSETS - - \$12,0C0,000.

BETTER THAN A

GOVERNMENT BOND.

The Manhartan for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy ablebodied man in the State should possess-for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. 4. Treasury Department should call ou you foday and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will a.low you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY EROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.

comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, if is now, as it has been from its berth, the representative of all that is best and noblest in its own country and hope and promise of a better future for the human race.

Its bat'les for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholdof slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The names of its heroes are legion, Lander and the deeds of Fremont, Lincoln, Grant and Garfield will shrine like electric lights on the pages of history. The Republicans of Nevada, in convention assembled, heartily indorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than

any since the war. The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressman are paid by the people for making laws and not

Uncarned land grants are being restored to the public domain and the

We endorse the administration of
President Harrison and commend his
conservative course as striking in contrest with his predecessor in office.

During the former Administration
